# Dear EOS BPs:

I am a EOS user, I have a report about lost private key. I need you help to frozen then move back my EOS coin. The Situation, Proof and Request as below.
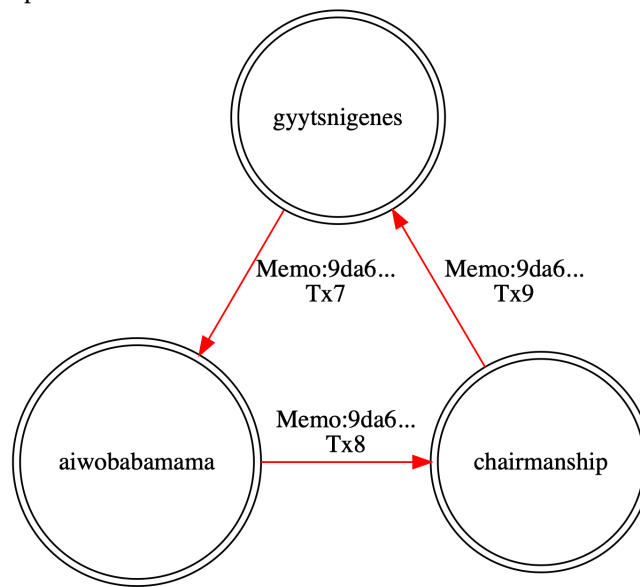

1. Situation

My EOS account "gyytsnigenes" was created at EOS launched time. I have about 33620 EOS in it. At Aug 16, 2019, a user "jiawenwallet" created a similar account "gyygsnigenes"(Tx1), three minutes later, someone moved my 33620 EOS in to it (Tx2). I found this action at Oct 2019, I'm sure someone got my private key because I never do such transfer. I immediately changed the private key of "gyytsnigenes", then collected other EOS in sub-account "chairmanship"(Tx3) and "aiwobabamama"(Tx4) to "gyytsnigenes". Now "gyytsnigenes" is safe with some EOS in it.

Picture of hacker's action
(2019.08.16-2019.08.17)

2. Proofs

A. I have the original key pair of "gyytsnigenes", both owner and active keys.
B. I have the key pair of sub-accounts "aiwobabamama" and "chairmanship" of "gyytsnigenes". Those sub-accounts were created by myself before "gyytsnigenes" was attacked(Tx5, Tx6).
C. I have done transactions with memo "9da6b5ea943863ce898cd1faf38d46b4" the hash of sentence "I am the owner of gyytsnigenes and aiwobabamama and chairmanship." from "gyytsnigenes" to "aiwobabamama" to "chairmanship" then to "gyytsnigenes" as proofs that I am the owner(Tx7, Tx8, Tx9).

Picture of owner's evidence
(2018.06.09-)
I am the owner of gyytsnigenes and aiwobabamama and chairmanship.
Up sentence's MD5 hash is 9da6b5ea943863ce898cd1faf38d46b4

```
                    gyytsnigenes

        Memo:9da6...        Memo:9da6...
           Tx7                  Tx9

                    Memo:9da6...
    aiwobabamama       Tx8        chairmanship
```

---

3. Request

I invite you BPs to check this situations, proofs and requests. For EOS holder's rights, I ask your vote for the proposal "returnstolen" to frozen fake account "gyygsnigenes" immediately then change gyygsnigenes's pub keys to gyytsnigenes's. The coin belongs to two old men, they work half life's money.

---

4. Transctions

尊敬的 EOS 区块生产者:

我是一个 EOS 用户，我有一个关于私钥失窃的报告。我需要各位帮忙冻结并转回失窃的 EOS。具体情况、证据和请求如下。

---

1. 情况

我的 EOS 账户"gyytsnigenes"创建于 EOS 主网启动时，保存有大概 33620 个 EOS。2019 年 8 月 16 日夜晚，一个名为 "jiawenwallet" 的账户创建了一个相似的账户"gyygsnigenes"(Tx1)，三分钟之后，我的 33602 个 EOS 就被转移到"gyygsnigenes"里面(Tx2)。我在 2019 年 10 月发现了这个动作，我可以确定有人偷走了我的私钥，因为我从来没有做过这个转账操作。我立刻修改了"gyytsnigenes"的私钥，把下级账户"chairmanship"和"aiwobabamama"的 EOS 收集回"gyytsnigenes"（Tx3，Tx4）。现在"gyytsnigenes"处于安全状态，并存有一些 EOS。
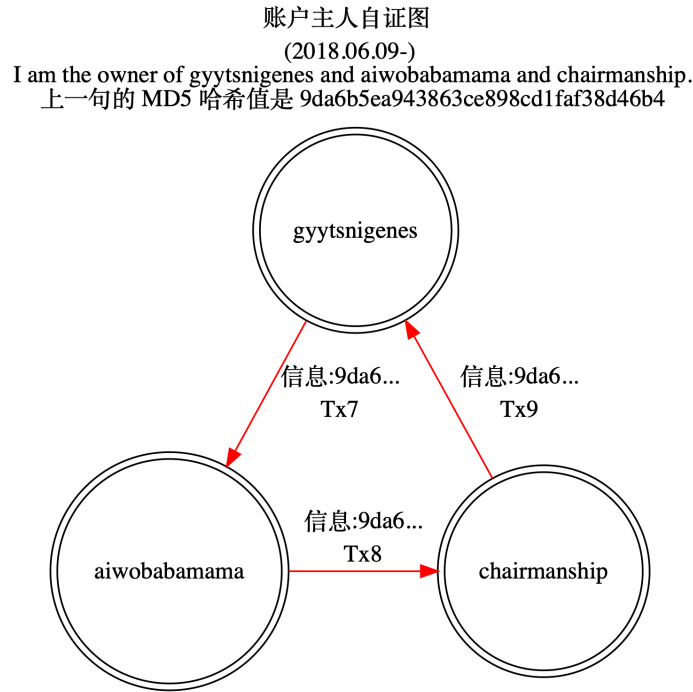

黑客动作图示
(2019.08.16-2019.08.17)

jiawenwallet

步骤 1: 创建账户(Tx1)

gyytsnigenes → 步骤 2: 转移代币(Tx2) → gyygsnigenes

子账户1   子账户2

aiwobabamama   chairmanship

---

2. 证据

A. 我拥有账户"gyytsnigenes"的原始公私钥对，包括 owner 和 active 公私钥对。

B. 我有"gyytsnigenes"下级账户"aiwobabamama"和"chairmanship"的公私钥对。这两个账户是我在"gyytsnigenes"被攻击之前创建的(Tx5, Tx6)。

C. 我已经做了附加信息为"9da6b5ea943863ce898cd1faf38d46b4"的若干转账，从"gyytsnigenes"到"aiwobabamama"到"chairmanship"再到"gyytsnigenes"。"9da6b5ea943863ce898cd1faf38d46b4"是英文句子"I am the owner of gyytsnigenes and aiwobabamama and chairmanship."的 MD5 哈

希值，意思是"我是账户 gyytsnigenes 和 aiwobabamama 和 chairmanship 的主人"，以作为我是账户原本主人的证明(Tx7，Tx8，Tx9)。

账户主人自证图
(2018.06.09-)
I am the owner of gyytsnigenes and aiwobabamama and chairmanship.
上一句的 MD5 哈希值是 9da6b5ea943863ce898cd1faf38d46b4

3. 请求

我请求各位区块生产者检查这些情况、证据和请求。作为 EOS 持有者的权利，我请求您对名为"returnstolen"的提案投赞成票，提案通过之后立即冻结偷盗账户"gyygsnigenes"并更改其公钥为"gyytsnigenes"的公钥。这些失窃的代币属于两位老人，他们半辈子辛苦劳作所积攒的财富。

4. 相关交易
